

## GULLMARSSTRAND\*

### **GULLMARSSTRAND HOTEL AND CONFERENCE IN FISKEBÄCKSKIL,** Bohuslän on the Swedish west coast about 1 hour north of Gothenburg.

## ABOUT

Gullmarsstrand is as close to the ocean as you can get, at a jetty overlooking the islands and bays of Gullmarsfjorden. Our unique location by the sea, evokes a feeling of absolute tranquility and relaxation.

The hotel has emerged slowly over thirty-five years, under the same ownership of three brothers. The starting point was the old bathhouse restaurant in Fiskebäckskil. Room by room and building by building has been added cautiously and thoughtfully. Inspired by the site's power and beauty, they have allowed the facility to emerge in sedate pace. When at first sight you will see how smoothly the hotel buildings blend into the beautiful Fiskebäckskil. In picturesque Fiskebäckskil there is still an ever present feeling of sea voyages and weather-beaten ships. A stroll along the cobblestoned alley-ways is enthusiastically recommended.

The moment you arrive you will find yourself a place to rest, a place for recreation. But when the urge takes on are there numerous experiences and adventures to enjoy from. Both near by or in area, on shore or out on the ocean. We also offers everything from themed conference and activities for the whole groupe. As well as we caters relaxation and enjoyment at our spa "Sinneas Havsbad", for both the conference group as the romantic week-end. Our "Sinneas Havsbad" is our way of keeping up the bathing tradition by offering a more modern version of a "cold bathing house". Here you can enjoy saunas with varying temperatures and a breathtaking view. This experience is just as spectacular, winter or summer alike.

We are open all year for get aways, meetings, weddings, partys and restaurant visits.

## CUISINE

Our cuisine creates different menus deriving from local seasonal ingredients. Guests usually stay seated a while whilst dining and merely enjoy the moment. The view contributes in every way. We work with local distributors and are members of “Väst- svensk Mersmak”. We are convinced that you will take notice of our passion for service, whether it is in the food we serve or how we receive you as our guest.
